Roaring 20s

Imagine going back in time to the Roaring 20's during the age of prohibition, but the Alameda Yacht Club will have a secret speakeasy serving libations better than the typical bathtub gin as well as a delicious dinner and evening of jazz music. So dust off your violin cases and get out your flapper dresses and join us. Come out and cast away your inhibitions while celebrating the frivolous time of the 1920s.
